

## **Asbestos Surveys**

Food Hygiene Solutions can provide you with all three types of asbestos surveys and material priority assessments.

Your asbestos survey/s will be conducted by an experienced survey team. With over 30 years combined experience. All surveyors hold at least the BOHS P402 Certificate and are fully trained and audited several times a year.

The key to your effective asbestos management system is the initial asbestos survey. An asbestos survey is designed to identify for you the location, type condition and extent of any Asbestos Containing Materials (ACM). All surveys are to be conducted in accordance with MDHS100. There are three types of survey:

Type 1 - Visual Identification and Assessment Survey

Type 2 - Standard Sampling, identification and assessment survey (Management Survey)

Type 3 - Fully Intrusive survey for major refurbishment or demolition project (Refurbishment / Demolition Survey)

In addition to the above surveys Food Hygiene solutions can also offer the following surveys:

Asbestos Re-inspection Survey  
Asbestos Due Diligence Survey  
Pre-acquisition Survey

Following consultation with you, Food Hygiene Solution will be able to provide you with the best fit solution for your requirements.

### **IMPORTANT**

The Control of Asbestos Regulations 2006 requires asbestos to be identified and assessed. There is an explicit duty placed upon the Landlord, Managing Agent or Employer in occupation to manage the risks from asbestos in their premises.

Failure to do so can lead to large fines and a jail sentence for those identified as the duty holder.

So what are the benefits to you and your business by commissioning Food Hygiene Solutions to provide these services?

- Most importantly compliance with the Control of Asbestos Regulations 2006.
- You will receive a cost effective, fast, safe and efficient service.
- Simple and effective solutions to your asbestos issues.
- On going support from our Asbestos Consultancy Team.
- Irrespective of the scale of your needs your business is of equal importance to us.
